DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Burgujian on 6/9/2006.

The application has been amended as follows:

In claim 1, line 7, after signals, add --from the LCD controller--.

In claim 1, line 10, after signals, add --from the LCD controller--.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 1-12 *are* allowed since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claims 1 and 9, "a segment interface adopter coupling the OLED segment driver and the LCD controller and processing segment control signals from the LCD controller for the OLED segment driver, and a common interface adopter coupling the OLED common driver and the LCD controller and processing common control signals from the LCD controller for the OLED common driver". In claim 17, "providing segment control signals and common control signals from the LCD controller, processing the segment control signals in a segment interface adopter, processing the common control signals in a common interface adopter, driving the

segment control signals in an OLED segment driver, and driving the common control signals in an OLED common driver". The closest prior art, Endo et al. (2002/0113907) discloses an LED driver receiving control signals from an LCD controller, however, singularly or in combination fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ricardo L. Osorio whose telephone number is 571-272-7676. The examiner can normally be reached on Monday through Thursday from 7:00 A.M. to 5:30 P.M.
